

Undergraduate and postgraduate courses accredited by

The [Alliance of Data Science Professionals](#)

The following data science courses have been accredited by the [Alliance of Data Science Professionals](#) for those students that started their course in the academic years listed, providing the course gains re-accreditation each year.

The list of accredited courses is updated regularly. In some cases, particularly for undergraduate courses, accreditation requires a certain combination of modules to be taken during the course. These conditions are listed below.

It should be noted that the degree course accreditation offered by the Alliance for Data Science Professionals is voluntary. There are many courses in Data Science for which the university has not yet sought accreditation, and which therefore do not appear in this list.

Accredited Period	University	Course	Conditions
2024-29	Open University	BSc (Hons) Data Science	Unconditional
2024-29	The University of East London	BSc (Hons) Computing for Business (including Foundation Year)	Unconditional
		BSc (Hons) Computing for Business (including Placement Year)	Unconditional
		BSc (Hons) Data Science and Artificial Intelligence (including Foundation Year)	Unconditional
		BSc (Hons) Data Science and Artificial Intelligence (including Placement Year)	Unconditional

		MSc Artificial Intelligence (including Industrial Placement)	Unconditional
		MSc Big Data Technologies (including Industrial Placement)	Unconditional
		MSc Data Science	Unconditional
